## **Discontinuation of Hyb-teacher® educational DNA chip kit sales**

June 2019

DNA Chip Research Inc.

Dear customers:

Thank you for purchasing the Hyb-teacher® educational DNA chip kit. Unfortunately, we have decided to discontinue the sales of Hyb-teacher® as detailed below. We ask for your kind understanding in this matter and offer our sincerest apologies for any inconvenience caused due to the discontinuation of this product.

We express our heartfelt thanks to all of our customers from universities, vocational schools, high schools, and junior high schools for using this product as part of their education efforts in genetics. We hope that our customers will continue to honor us with their patronage of our other products and contract analysis services.
